

MAJOR SYMPTOMS AND HARMS OF AA

NERVE ENTRAPMENT AND DESTRUCTION

- Weird skin sensation, burning feet, can't sit or stand in one position very long, bowel/bladder difficulties, pain (comes in waves or is always present)

SPINAL FLUID FLOW OBSTRUCTION

- Headache, blurred vision, ringing in ears

SPINAL FLUID LEAKAGE

- Back pain, decrease in ability to extend arm(s) & leg(s), difficulty walking

AUTOIMMUNE DISORDER

- Arthritis, muscle aches, cardiac disorders, seizures

RETAINED ELECTRICITY

- Vibrations, tremors, overheating episodes, sweating

HORMONE SUPPRESSION

- Weakness, fatigue, poor pain control, depression

KEY MESSAGE

The sooner treatment with “curative” agents is started simultaneously with “symptomatic” agents, the prevention of symptoms and harms will start.
