BIBLIOGRAPHY OF
SCIENTIFIC ARTICLES ON
NEUROSTEROIDS AND PAIN

Furnished as a public service by the “Arachnoiditis Research and Education Project” of the Tennant Foundation

By

Forest Tennant MD, MPH, Dr. PH, FACPM
General Background

**Dehydroepiandrosterone (DHEA)**

**Estradiol/Estrogen**

**Human Chorionic Gonadotropin**

71. Lei ZM, Rao CV. Neural actions of luteinizing hormone and human chorionic gonadotropin. Seminar

**Human Growth Hormone**

**Oxytocin**

Pregnenolone

**Progesterone/Allopregnanolone**

**Testosterone**

165. Baulieu EE, Robel P. Dehydroepiandrosterone (DHEA) and dehydroepiandrosterone sulfate (DHEAS) as neuroactive neurosteroids. Proc Natl Acad Sci 1998;95:4089-4091.
