New Products and Measures

The Tennant Foundation publishes a regular bulletin to help medical practitioners, patients, and family enhance their care of AA. Our Research and Education Project receives periodic news and information particularly on new measures and products that one or more patients and/or practitioners report that enhances one or more of the 3 medical components of care: (1) inflammation suppression, (2) tissue repair, (3) pain control.

Here are some recent products and measures that you may wish to try. Try a new product or measure for 10 to 14 days. Discontinue if no help. If you have a product or measure that is working. Please inform us.

	<u>PROBLEM</u>	<u>NEW PRODUCT/MEASURES</u>
